

# Malvern Hills Physiotherapy

## Coronavirus Treatment Guidelines

### Should I Attend?

If you require physiotherapy treatment to manage your pain and remain mobile and independent, you can be seen at our clinic in a face to face appointment.

Please consider your own safety, our physiotherapists safety and that of others and do not attend if you think you have been in contact with anyone who may be infected.

### Arrival at the clinic.

Please arrive no more than 5 minutes prior to your appointment time. This is to avoid any accidental contact or overlap with other patients and to allow all surfaces to be cleaned with disinfectant after each appointment.

### Face Masks

Your physiotherapist will wear a face mask during the treatment session.  
(in line with HCPC/CSP face to face treatment protocols) Patients are welcome to wear a mask if they choose. Masks available buy at the clinic. Price £1

### Payment

All treatment sessions can be paid for using card, BACS transfer or by cheque.  
No cash please.

Please continue to follow government guidelines for your own safety. While our clinic will take every precaution to look after you, you must decide if a face to face appointment is right for you at this time.
